PROFESSIONAL SUMMARY

I'm a Computer Science student at BINUS University. I have a strong interest in the IT field and enjoy exploring new technologies and learning new things. I am an adaptable and fast learner with the ability to work collaboratively in a team. I am eager to develop my technical skills, gain practical experience, and gain a better understanding of professional working environments.

EDUCATION

Bina Nusantara University (BINUS) — Alam Sutera, Tangerang *Expected Dec 2028*

Bachelor of Computer Science — GPA: 3.54 / 4.00

TECHNICAL SKILLS

Languages: Java, Python, C#, SQL, JavaScript, TypeScript, HTML5/CSS3

Databases: MySQL

AI & Data: PyTorch, Hugging Face (NLP), Azure AI, Data Modeling, Data Visualization, Basic Statistics

Tools & Practices: Git, GitHub, draw.io, Notion , OOP, MVC Architecture, Full-Stack Development, Networking Fundamentals

MY PROJECTS

bfess.id *Next.js, Node.js, Supabase, Tailwind CSS*

- Built a full-stack anonymous confession platform for the BINUS community, supporting real-time feed updates and post interactions.

SentimentBot *Python, PyTorch, Hugging Face, Discord API*

- Built a real-time Discord moderation bot using NLP pipelines to detect, score, and filter toxic chat messages with low latency

Dwellth *Python, Machine Learning, Recommender System*

- A platform for searching and recommending apartments for rent or purchase, designed to help users find suitable housing based on their preferences and criteria.

Ecosort *Python ,OpenCV ,Scikit-learn, SVM , Streamlit*

- Developed a web-based waste classification system that automatically identifies and categorizes organic and inorganic waste using Computer Vision and Support Vector Machine (SVM).

Portfolio Website *HTML, CSS , JavaScript*

- A basic personal portfolio website made with basic HTML, CSS and Javascript, describing my personal information and projects in a more detailed manner in a form of a website that makes it more accessible for recruiters.

ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Teknik Informatika (HIMTI) *2025 – 2026*

HIMTI Care Activist | Jakarta, Indonesia

- Designed promoting posters and managed monthly events as part of HIMTI Care.
- Served as a Technical Division on HISHOT seminar (2025).

CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals — Microsoft
